One question I receive from readers frequently goes something like this: "My boyfriend broke up with me because of X, Y or Z reason. It has been tough, but I've been following your advice, and I haven't contacted him at all since it happened. He texted me a couple times asking how I am, but I didn't reply.

A parasite is an organism that lives on or in a host and gets its food from or at the expense of its host. Parasites can cause disease in humans. Some parasitic diseases are easily treated and some are not. The burden of these diseases often rests on communities in the tropics and subtropics, but parasitic infections also affect people in developed countries.
