Oceans of Kansas Paleontology

Tales from Topographic Oceans is the sixth studio album from the English progressive rock band Yes, released as a double album on 7 December 1973 by Atlantic Records. It is a concept album based on singer Jon Anderson's interpretation of a footnote in Autobiography of a Yogi (1946) by Paramahansa Yogananda that describes four bodies of Hindu texts, collectively named the shastras.

Oceanic anoxic events or anoxic events (anoxia conditions) were intervals in the Earth's past where portions of oceans become depleted in oxygen (O₂) at depths over a large geographic area. During some of these events, euxinia, waters that contained H₂S hydrogen sulfide, developed. Although anoxic events have not happened for millions of years, the geological record shows that they happened ...

America's Wetlands. Wetlands are areas where water covers soil all or part of the time. Wetlands are important because they protect and improve water quality, provide fish and wildlife habitats, store floodwaters and maintain surface water flow during dry periods.

Wetlands Protection and Restoration | US EPA

Dumping lots of plastics into our oceans. Considerable progress has been made in determining the amount and location of plastic debris in our seas, but how much plastic actually enters them in the first place is more uncertain.

Plastic waste inputs from land into the ocean | Science

Sustainable Oceans International (SOI) is an Australian organisation with an international team dedicated to the sustainable development, restoration and enhancement of marine habitats through the application of best-practice and world leading technologie
