International Journal of Comparative Labour Law and

International labour law is the body of rules spanning public and private international law which concern the rights and duties of employees, employers, trade unions and governments in regulating the workplace. The International Labour Organization and the World Trade Organization have been the main international bodies involved in reform labour markets. . The International Monetary Fund and ...

International labour law - Wikipedia

The Comparative Labor Law Journal was founded in 1976 to provide a venue for the very best scholarship in the comparative analysis of labor law, employment policy, and social security issues. In 1997, the Journal moved to the University of Illinois where it was renamed Comparative Labor Law & Policy Journal and its Editorial Advisory Board broadened better to reflect its mission.

Child labour means that children are forced to work like adults and take part in an economic activity. According to the ILO International Labour Organization the term is applied to people up to age thirteen, or seventeen in case of dangerous work. Only about a fourth of the ILO members have ratified the respective convention, but the age limits are generally accepted.
